“ *I was very sorry to hear of Barb's loss yesterday at my business! When I started at Astellas, she was incredibly helpful in getting me acclimated, and made me feel welcome! While our group wasn't her responsibility, she did everything she could to make things easy - even when her days were tough on her! Astellas and the world needs more good hearted people like her! God Speed Barb!*

I am very sorry for your loss. I had the pleasure of working with your mother at Astellas. I will always remember how kind and helpful she was. May the good memories warm your heart during this difficult time. She will be missed...earth's loss, but she is heaven's gain.

*“ I worked with Barb for a few years at Astellas, and loved her bright and cheerful spirit. I remember her love of working with animals to bring comfort to people, and thought of her as such a kind and compassionate person. Hold tight to your many fond memories and knowing that she had a positive impact on many people beyond just family. She will be missed by many. I am so sorry for your loss.

“ Nicole, I met you several times although you may not remember..... I worked with your Mother since the day we both started at Astellas together forward for 10 years. I loved hearing stories about you and what you were doing, her dog(s), her vacations, about your dad, about Nadja, and about all the illness she faced over the years. She was one tough lady but always had me smiling. I loved that you sent her flowers every year for your birthday. I know you will miss her but I also know you have wonderful memories that you'll hold onto and smile to yourself as you think of the wisdom she shared or the fun times you shared together or the funny things she said or did. I pray those memories keep your heart light during this very sad time. My thoughts and prayers are with you. Sincerely, Tammy Sulaiman
