“ My mother, Martha Allene Nelson, and Bonnie were dear friends. They first met when they were in school together.....not just any school, but the classes from Lake Forest Fitness Center where they exercised in warm water to minimize the discomforts of arthritis. Then they were in bible studies and morning worship at Chain of Lakes Community Bible Church. They talked about playing pinochle together but alas Covid interrupted that. My mother and Bonnie shared prayer requests and a prayer list for others. My mother continues to pray for those who Bonnie asked her to. Bonnie is and will be dearly missed. Continued blessings to the family. I went to school with Kevin and Cheryl and they are my friends as well. Blessings to you all.

“ My deepest sympathy to Bonnie's family. I have great memories of working with her. She was down to earth and had a great sense of humor! She was training me to be her back up but I just couldn't get the hang of foreign money exchange. Instead of getting frustrated with me she gave me a simple equation and I got it right. That was the first time i heard of the old saying 'Well, now we're cooking with gas!' And she said it a couple times but never rubbed it in that she was SO THANKFUL that I finally succeeded in easy task. I've used that old saying many times since then and Bonnie always flashes thru my mind when it's used. She was always very kind to me and I'm saddened for her family's loss. “ *Bonnie will be greatly missed. She was a special sister-in-law. We didn't get to spend a lot of time together because of distance but I am looking forward to spending an eternity in heaven with her.*
