“ Dawn, I will never forget getting home from work finding a note from Shalyn on the counter that said "Dawn and I went to Bingo with her Aunt Bonnie" My 1st thought was "is that code for something?" When she got home she was so excited about how much fun you all had! And then I finally met Bonnie at one of Brianna's early birthday parties and totally understood the excitement! What a light in this world she will always be, and how very Blessed Any and All were to have met her or known her. Much love to you all!
