

Daniel Edward Aschermann

July 7, 1992 - December 20, 2020

It is with great sadness that we announce the death of our son Daniel.

Daniel was born July 7, 1992 in Skokie, IL. He loved sports of all kinds, and played baseball, football, basketball, wrestling, and soccer to name a few. He also loved the outdoors, especially fishing and hiking. Daniel loved all pets and animals, including his hedgehog, dogs Maverick and Sadie, cats, and countless tropical fish. Dan was a role model for his 3 brothers and a caring friend to many. As kids, him and his brother Matt could be found riding their bikes and playing all throughout the neighborhood. In his teenage years, Dan could be found with his group of friends playing Halo and Starcraft for endless hours drinking Mountain Dew and energy drinks.

Daniel graduated from Carthage College with a BA in Business and Finance. He pledged with Tau Kappa Epsilon.

He is survived by his two parents, David Aschermann and Lisa (nee Spaulding), 3 brothers, Matthew, William, and Ethan, Grandmother Beth Spaulding, Aunt Dawn Falls, Aunt Marguerite Baran, Uncle William (Bill) Spaulding, Grandma Judy Aschermann, Aunt Amy, and many aunts, uncles, and cousins.

He is preceded in death by his grandmother (Nana) Barbara Kaplan, Grandfather Don Aschermann, Grandfather William Spaulding, great Grandmothers Rose O'Callahan and Anne Lezak, Grandfather (Pops) Al Kaplan.

Please share your fond memories or photos with the family.

Due to Covid restrictions, a celebration of Daniel's life will be held at a later date.

“ I met the Ascherman's 9 years ago this summer. And never met a hairy family, I would finish Cutting Dan's hair and it look like I did five haircuts. He was a sensitive guy I loved him, he was sincere kind honest. I think I made him laugh, definitely a very personable person. You will be greatly missed.

“ I knew Dan when he was in middle school with my daughter Alyssa. He was always one of my favorites that I trusted. He was one of the most kindest kids and was always willing to help us out with our fur babies or helping me repaint my whole deck which took a few weekends.

I feel an aching in my heart because he was someone who respected everyone.
He will be truly missed.

Dan I hope I see you again at the pearly gates.

“ *Mí Rey, Dan, you will always and forever be my greatest true love. You are my soul mate; From the moment we met, it was you. We had so many coincidences with eachother and our connection was so strong to begin with that we both felt as though we had known eachother for many years beforehand. Thank you for everything you have done for me; for loving me with all your heart and for always being (and wanting to be) by my side.*

My baby Dan, your love is what got me through the day each day. You are what I looked forward to the most throughout the day. It didn't matter what we did as long as we were together It was the best time of my life. You gave my life so much meaning and blissfulness. With that came never-ending hopes and dreams of our life together. I could not have asked God for a better man to walk into my life. You were everything I wanted and more, you're absolutely perfect. Our love and connection is indescribable, I know this isn't the end for us. You are my future.

“ *I remember when Dan was playing Timberwolves football lightweight division and was a few pounds over the weight limit. I volunteered to help him run the hills with TJ who was also over, they both hated me with their eyes running up and down but in the end Dan came over to me after making weight with the biggest grin on his face and thanked me for the motivation. He had a great season and I was so happy for him. Good young man I will miss him...*

“ Dan was my first real friend when I moved here. I remember him inviting me to hangout at his house to play video games with his other friends. He was so kind and caring.

I think my favorite memory of Dan was the summer we spent every night playing Halo 2 until early in the morning. We would take cereal breaks to keep our strength up and drink whatever soda was available, usually Mtn Dew. My first LAN party was at Dan's house and were I first felt I belonged. Gaming was a bond Dan shared with so many.

Thanks for including me and making me feel apart of the group Dan.

You helped me navigate the ever awkward middle school/early high school dating life. We went to our first homecoming together and even got ready at Josh's house to take pictures and just goof off together before our dates showed up.

Thank you for your friendship. It helped me so much when I needed it most.

“ He was the best friend I ever had. An absolutely amazing human with the greatest sense of humor and love for his brothers and family. He followed the Bro Code harder than anyone I've ever met.

One time Dan and I showed up to an After-School fight between 2 of our girl friends. Dan and I decided to dress for the occasion and wear suits and smoke cigars to the event and did indeed have a fun time. We were the classiest nerds ever.

His happiness stemmed from making people laugh, the love he had for people and being loved by people.

We were born 5 days apart and lived across the road from each other. I love you and I'll miss you forever.

He was always proud of his brothers too. We were always proud of them and they made him laugh and so happy and filled him with happy thoughts during down times.

Thank you to his family for taking care of me too during those times. I didn't have many friends, but your son changed my life forever in the best ways possible.

“ We are so sorry about Dan. Our thoughts and prayers are with you guys. I always enjoyed visiting with Dan at our summer parties and watching him grow from a fun loving teen to an extraordinary young man. I looked forward to throwing bags and catching up on what was happening in his life. The boys were always so competitive with the bags, you would just watch and listen to the trash talk, and Dan always entertained. While reflecting on my memories of Dan, I will always remember him with a smile on his face.
