" For Diane,

Time passes at the speed of light

I cannot slow its pace

Too soon I'll sleep and see no more

The exquisite beauty of your face

T'was some fate of chance we even met

But so important it was to me

I found in you my friend for life

and your friend I'll always be

As age has dimmed my vision

and my senses slow and dull

Your picture in my mind is clear

and my love is ever strong and full

We'll some day part, to soon for me

and the other to go alone

I'm happy in the certain truth

We'll always be as one"
