“ *She was like a mother to me . My mother had some mental health problems. Was always there for me when I was very young and Dad had to be away at work. She as well never failed to send cards love encouragement. Will never forget how she and the family drove through winter roads all night to be with us in the worst family tragedy.*

“ Our hearts are breaking for this wonderful family, who became a second family for my mom, sister, and me when we rented a house next door to them when I was in junior high. We only lived there a little over a year, but I have such wonderful memories of that time with Shonda and her family. From that short time, we all became lifelong friends and I am so very sad that it had been quite a few years since my mom and my family had been down there to visit. Elaine was such an amazing mom and wife--I will always picture her standing in her kitchen, always smiling and so cheerful, as she helped get her family ready for the day when I stopped by every day to walk with Shonda and her brothers to the bus. She was so very kind, it was just palpable, and her love of animals was something she shared with my mom--they were kindred spirits! She was such a hard worker and I just remember her and Richard always working in their beautiful yard together. Such a beautiful couple...so much love... She will be so missed by so many, but we know she is in a much better place. May God bless beautiful Elaine and her loving family...

Our Sincerest Condolences and Love to you all,

Angie, Mark, Hudson, and Colton Hughes

“ Elaine always brought a light into any room she entered, and her light shined bright upon all of us. Though her physical presence may be gone, her light will continue to shine through those blessed to know her.

“ we have many fond memories of Elaine through the yrs. When we were down there and Elaine and Leanne would play cards, Elaine would put on this eye shade thing that made her look like a blackjack dealer in a casino. She also had the remarkable ability to spot a garage sale sign from a long ways in the distance. Amazing. We will miss her good company and fun loving sense of humor. Not to mention her excellent cooking. I have always felt that although a person leaves this realm, the love and respect lives on. May God Bless and keep you, Elaine, you have earned it

“ Elaine was such a big part of my family's life growing up along with Richard , Shonda, Mark and Ryan they were our second family. She was amazing and she loved her family so much and her fur babies. She will be missed.

She just sent me a message a month ago when my dad was in the hospital, asking if I remembered when we were all a family and I told her yes I do Elaine and still consider you all family. I'm happy I was able to visit her in the hospital a couple weeks ago and tell her I loved her. I'm so very sorry for this terrible loss and the Hauldren's are here if you need anything Richard, Shonda, Mark and Ryan. 💜

“ I wanted to extend my sincere, heartfelt condolences to the entire family. Elaine was truly a gentle spirit. She had the SOFTEST voice, welcoming smile, and open flowing walk. All of these attributes, in addition to others, made people and especially animals feel safe around her. I am not sure what fragrance she wore, but it was subtle when she gave hugs. Elaine used the expression of "oh kid" in her conversations. I always thought it was so cute. Hanging out with Elaine and the rest of her family at Lake Villa Days was always fun. Her chocolate cookies were so amazing too!! Elaine and the family have been, and will continue to be in my thoughts during this transition of life. Big hugs, and love you guys!

“ Aunt Elaine was always the one that watches my sister and I when we were little. When my mom had to go to work she would always drop us off in the morning. I would remember all the time walking into their house saying "Do you have any gum?" Aunt Elaine was always good for gum lol. But other memories included helping out in the yard and helping her feed her fish Goldie. Her and I would always go down in the basement and I would help her bring things up that she needed. She was a great person to be around and was always happy. I am going to miss her so much. The last time I saw her she was in Wal-Mart getting meds for Uncle Richard and we walked out together. She was saying she would be by soon to see my newest baby. That was 2 weeks before she went into the hospital. May you rest in peace!! You will be missed. Im sorry for your loss. Sending my prayers and thoughts to the family. She will be greatly missed.
