“ *Your mother was such a wonderful, loving woman. I loved going to her home. She always made me feel like I was part of your family....all the warmth, love,fun,chaos.....I was just another one of her kids. Such fond memories. Your mother always had a smile and encouraging words.*

I'm sure that when you had your family gathering to celebrate her life, the angels iin Heaven could see the warm glow of love coming from all of you. You are her legacy---a warm, caring, loving family of whom she was very proud. I am a better person for having known her.

I am deeply sorry for your loss. "The Berta" will live forever in our hearts.

“ *Hello I'm Ronny Torres and I was a boyfriend of one of Bert's granddaughters over the time I developed a very strong and loving relationship with Bert. She was a caring, outgoing, and loving person. It wasn't a true party unless Bert was present and if you knew her as well as I did you would understand why. I loved and cared about her very much she treated me as if I were apart of her family and I can't thank her enough for that. The fact that she would go out of her way just to try to make sure you were comfortable and happy is so thoughtful and for that I have so much respect for her. As much as it might hurt me to realize that physically she is not living anymore I know her spirit sure is. My blessings and best wishes go out to her family and close friends I know it's hard losing someone as genuine as her but she no longer has to suffer and may her soul rest in paradise forever. I will always love you as if you were my own grandmother Bert thank you for all the memories you will never be forgotten.*

“ To my "special" sister. I miss you all ready and am having a hard time knowing I can't talk to you again. I have always been grateful to be included in this family and love the girls so much. You went out the way you lived with class and I'm so proud of you. I hope that if there is a heaven we meet again.
Lots and lots of Love, Cherie

*I miss your text each morning. I miss them every night.
I'll miss our phone conversations and visits and your hugs so tight.
Your love I'll feel forever, as I live on day by day.
Certain times will be harder, Like your birth date in May.
Christmas won't be the same, without you here,
Anyone who knows you, knows that's your favorite time of year.
We will live our lives to the fullest as this would be your dream
We will all stick together and work together like a team.
Thank you for the 60 years I was blessed with your love
I pray now you are at peace with the Lord above.
I'll see you in the future, and look forward to your hug again,
But for now, my dear mother, love long distance I send.
All My Love Always and Forever. Linda*
