“ I am saddened to hear of the passing of Betty. She was one of my favorite patients. She was such a classy and special lady that loved her family so much and talked highly of them all. My sincere condolences to all of you. She will be missed greatly.

“ There are so many funny memories. One that sticks out the most was after pulmonary rehab. Betty left before us. We hit the down button and when the door opened there was Betty. She had forgotten to push the down button. She laughed as much as we did. I loved her sense of humor and her kindness. I will miss her so much. Much love to her family.

ME

I have only known Betty for a short time, but what I saw was a very sweet, caring, mother and grandmother. She was very proud of her family and I loved listening to her stories when I visited with her. I will miss her and think about her often.
