

Gerard Sullivan

December 7, 1957 - December 18, 2017

Gerard M. Sullivan, age 60, of Lake Villa, IL passed away on Monday, December 18, 2017 at his home.

He was born December 7, 1957, in St. Louis, MO. Gerry was a graduate of the University of Missouri St. Louis and worked as a senior research chemist at Abbott and Abbvie for over 27 years. He worked in the oncology department and was an integral part of a team that developed a leukemia drug that was recently approved by the FDA. Gerry also held multiple patents as a result of his work. He was also a dedicated Chicago Blackhawks and St. Louis Cardinals fan.

He is survived by his wife of 27 years, Jieli and by his son Matt (Nicole, nee Weber) Sullivan.

Viewing and visitation will be on Thursday, December 21, 2017 between the hours of 4 p.m. and 8 p.m. at Ringa Funeral Home, 122 S. Milwaukee Ave. Lake Villa, IL 60046. Cremation will take place privately after the visitation.

“ As a freshman at St. Louis U. High in 1971, I had the incredible good fortune to be seated right in front of Gerard Sullivan in Homeroom 101. I say "Gerard" because that's how he introduced himself to me, and as was typical at SLUH back then, I don't think we ever used first names with each other again over the next four years. Every day, without fail, he would greet me with "Morning, Schranck" and I would reply "Morning, Sullivan" as his smile lit up the room. Gerry was smart, funny, kind...you know that better than I. When I learned of his passing a couple of days ago, I was saddened at the news of your loss. But more than once I've found myself thinking about him again, even saying "Morning, Sullivan" and laughing aloud when I saw his photo here. I can't always remember what I had for lunch, but I'll always remember him like it was just this morning that we last greeted each other. God bless you all.

“ Gerry had such a wonderful combination of humor, honesty, intelligence and curiosity – this is what made him a great teammate and a great scientist. He played a huge role in changing the way certain cancer patients are now treated through his abilities and his will, aspects that will continuously serve to inspire those around him. It was my great honor and privilege to work with Gerry and call him my friend, we will never forget him.

“ I worked with Gerry many years, and he was truly one of my favorite people. I was always inspired by his direct honesty, attention to detail and the passion he had for medicinal chemistry. His work has positively impacted the lives of many cancer patients and will continue to do so for a very long time. He was one of a kind and will be greatly missed.
