“ Harry Johnson was one of the smartest Telephone Man that I knew, worked with him in District #5 in Superior District. He was assigned in the Prudential Building and worked there most of his time when we were Illinois Bell Telephone Co. We in District #5 would go to lunch on payday Friday's to Andy's on Hubbard St. He was one of the first telephone men to use a scope to shoot trouble at the Pru (as we called it). He worked in that building taking care of Business customers for many years. I also dispatched him on trouble cases when I went inside and was the Tester for District #5. We also got together with some of the other guys from the District to play golf and go to luncheons over the years after retirement. Believed we also played in some of the Telephone Golf outings also.

To his family we and my family are so very sorry for your loss. God Bless.

Talked to Harry a few months ago when he called me about going to the VA for Med's and maybe treatment and told him what he needed to do up at Lovell Medical Center at the VA Facility up there.

I am sorry I can't make the service as I still work and do benefits for Veterans and will be in the office on Friday.
