“ *I knew Jack through various construction projects we worked on together. I worked for North Shore Sanitary District, and Jack and I worked together on a huge project in the 90's.. He was one of the finest people I've ever known; fair, honest and hard working. I also worked with him and Jack Jr. on a project in Antioch. Jack was one of the most authoritative people I've ever known...there was no doubt who was in charge. Rest well, my friend.*

“ Uncle Jack, I love you with all of my heart and will miss you for the rest of my live. I was blessed to be a part of this family and having you as an uncle. You were always there for all of us anytime we needed anything and that will never be forgotten. I am most thankful that you and Aunt Cindie were there with my parents when they both were sick and stayed with my mom to the end. I am so sad that you are no longer with us, but I am happy that you will no longer have to suffer. I know you, my mom and our grandparents are all together and are watching over us. To the man with a heart of gold, you will never be forgotten.

“ Too many memories to share just one, would be impossible When I married Karen I knew I was blessed but soon discovered I was doubly blessed. You all became my family right from the start. You and Nancy and Terry were a huge part of our lives and I will never forget when we both became ill, you and Cindie were there helping us and encouraging us and showing the love you both gave so freely.

Its too soon for me to try to find the words to write about you , my dear brother but I will say two of the last things that will stay in my heart was when as sick as you were ,you told the Pastor I'll see you next week and your last words to me which I will cherish forever was I love you honey ,.I feel as though I'm dreaming . How does anyone get over losing a man like you .Its impossible ! .Till we are together again always know I will love you always and forever.
