*Goodbye, Mother Josie ! It was a pleasure and joy knowing you and giving you the Art of Divine Light regularly for the past year ! You are sweet and so independent up to 93 years old, walking by yourself, climbing up and down stairs, going fishing and having fun ! Even after stroke, you amazed Doctors and nurses, you are talking clear, eating, joking and comfortable ! After two months in hospital, nursing home and rehab, doctors discharged you on home care, after finding some mass in your duodenum and expecting you to live only within a week ! You outlived that and lasted for two months at home ! Such a strong woman, Doc and Mely did their best to take care of you and kept you comfortable ! Those were precious moments for all of your family, relatives and friends ! God allowed you to have more time with families, to purify more and fulfill your mission ! Thank you, Mother Josie, you have touched our lives in a more meaningful way, without you knowing it ! Thank you for the specials time and moments we spent with you ! You can give Divine Light in the Spiritual World and fulfill your training and mission successfully ! May God' s love, divine guidance, protection, arrangements and divine Light be with you always !*
