“ For whatever reason, Melissa had been on my mind on and off the last couple days and when i went to go look her up, the horrible news was there for me to see. God has a weird way of showing me things at times. She was an old coworker of mine in the LRC computer lab at CLC on Friday afternoons and it was always super nice working with her. It really saddened me to know that she had passed away only a few short years ago. My thoughts and prayers are with all of her family and friends. I can't believe she's gone. God bless you Melissa and your super kind heart! RIP...

“ I went to culinary classes with Melissa. I became Mel to keep us seperate, both of us being Melissa. I started work on 10/20 and saw her. She seemed happy to see me. We worked opposite hours. I saw her twice. She always spoke with me. She loved mentioning her nieces and nephews. She talked with me about her love of cats and her anime. Please accept my heart felt condolences. If there is something I can do I would be happy to.
