I was a classmate of Phil's at Indiana State. We enjoyed each other's company and had many discussions on various topics. He was a good guy and I am sorry to hear of his passing. My condolences to Sue who I also knew.

I'm saddened to find our about another classmate from the Class of 1963. Phil was a good friend to me while we were in North Vernon High School. His dad Lloyd was superintendent of our school system. In fact the last time I saw Phil was on campus at Terre Haute in the fall of 1963. Great visit. I still have lots of great memories of their home and our times . God Bless the family. They were all so kind to me. Richard W Black sr Class of 1963 NVHS .

“ Dear Sue and Wagner family,

I just happened on Phill's obituary. I am so sorry for your loss. I worked for Phill several years at Abbott and traveled many times with him to Canada, etc. He was the best boss I ever had. He taught me a lot, gave me encouragement and challenges to grow, was wonderful role-model and was like kind father to our team. They used to call us Phill's angels and we all loved working with him. I am privileged to have know him. May God comfort you in this time and may your wonderful memories of him bless you.
