“Sandy's love and care for all of us at Lovell Federal Health Care Center was, literally, without bounds. Anything we asked and much more we never had to ask for, she was there to help. Every week, sometimes several days a week, in the past almost 10 years I've worked at FHCC, Sandy was there, in our hall, in her office, working on a project or planning an event for our patients. Every Christmas, she and Don gave us cards and candy. She was a most giving person. Her reach extended into many areas of the hospital, and touched many groups of patients. I know she volunteered at Lovell for many decades before I started working there, starting when she was a child accompanying her Mom. We will miss her terribly! Rest in peace, dear Sandy, and like our Navy friends say, "We've got the watch.”
