“ *Words can't put into how much I will miss my uncle. I'm so thankful for all the memories. From when you rented the truck to move me into my first apartment in Chicago to when you took me to my very first Bears Game where it was 10 degrees. He use to call me the day before with tickets and we'd rush down town to pick them up. We use to stay up until 2am in the office in the basement playing old school Microsoft games like minesweeper and black hole pinball which is where he ordered me my first Bears jersey.*

*Thank you Uncle Scott for always being my number one fan and my biggest supporter. Thank you for doing anything and everything for me. Thank you for all the talks and long drive we had. I'll miss you every single day and can't wait to share your memory forever and always.*

“ *My memories are always of Scott laughing and joking around with the family members. He holds a special place in my heart. We had great times together. Scott had a private soft side. He deeply was devoted to his family and friends. He lived life to the fullest. Always looking forward to his next adventure. I will miss him. I will miss his teasing and joking around. Gods going to have his hands full! See you on the other side one day my dear friend. Prost to your wonderful spirit. Love Lula.*

“ *Bro (Scotty) was the little brother I never had. He was everything a little brother is known for and then some. He made me laugh all the time, especially when we went snowmobiling for over 1,000 miles a year together over 10,000 miles total). We even named ourselves the SnoBaron's! He loved being a part of everything, never wanted to be left out. He was so mad at us when we got married because we didn't tell anyone in advance (except our besties/witnesses, Timmy & Terry). We wanted to surprise everyone and Bro was so angry that we hadn't clued him in. I was so lucky to have married into this great family with enough time to grow to love Bro as my brother and will miss him forever.*
